Subject: RE: New York Freedom of Information Law Request: Cayuga Power Plant (Empire State Development)

Dear Mr. Golden,

This email addresses your May 29, 2019, FOIL request. The Freedom of Information Law (“FOIL”) and the Committee on Open Government make clear that records sought in a FOIL request must be “reasonably described.” (Public Officers Law §89(3)). In an August 20, 2012, advisory opinion, the Committee found it to be an “unreasonable burden ... to require an agency to review perhaps thousands of individual records in order to identify those portions of such records that are required to be made available.”

<https://docs.dos.ny.gov/coog/ftext/2013/18949.html>.

In this instance, your request is extremely broad, as you seek:

All emails sent to, received from or copied with any of the domains "lansingtown.com", "cornell.edu", "ithaca.edu", or "tompkins-co.org" between the January 1, 2019 and the receipt of this request.

You have provided insufficient detail to allow us to search a narrower subset than the entire population of records of approximately 500 ESD employees over a broad period of time.

Therefore, Empire State Development finds that your request is not “reasonably described.” Accordingly, we will not be able to respond to your request as submitted. Please feel free to resubmit your request with a clarified scope to permit us to conduct a diligent search for responsive records.

Pursuant to Public Officers Law §89(4)(a), you have thirty (30) days to appeal this determination. An appeal of any portion of this determination should be directed to Empire State Development’s appeals officer, New York State Urban Development Corporation d/b/a Empire State Development, 633 Third Avenue, 37th Floor, New York, NY 10017, FOILAppeal@esd.ny.gov.

Kindly confirm receipt of this email. Thank you.

Re: ESD FOIL Request #2834 – Appeal

Dear Mr. Amarel:

Empire State Development (“ESD”) has received your appeal, dated June 10, 2019, concerning your April 2, 2019 request for records made pursuant to the Freedom of Information Law (“FOIL”)¹ for the following:

[T]he last 200 pages of emails sent to, from, or copied to Howard Zemsky that contain the non-case-sensitive key-string “Mastroianni”

On May 31, 2019, ESD’s Records Access Officer (“RAO”) provided you with a response to your FOIL request. In that letter, ESD’s RAO informed you of the following:

Pursuant to Public Officers Law 87(2)(g), we have withheld responsive records from disclosure as they are “inter-agency or intra-agency materials which are not (i) statistical or factual tabulations or data; (ii) instructions to staff that affect the public; (iii) final agency policy or determination; (iv) external audits, including but not limited to audits performed by the comptroller and the federal government.”

In your appeal, you “request clarification on the number of records being withheld (pages) as well as a breakdown on the number of pages being withheld pursuant to each of the exceptions cited.”

Although there is a presumption of access under FOIL, exemptions exist permitting an agency to withhold records or portions thereof. In responding to your request, the RAO withheld two emails that were sent between ESD staff and these emails do not fall within any of the enumerated exceptions to the inter-/intra-agency exemption under FOIL.

Based on the foregoing, your appeal is denied.

¹ Public Officers Law, §84, et seq.

Development**

Sincerely,

2546	Schultz, Christine/ [REDACTED]	5/16/2018	<p>Request for information of the transfer of land and sale of the Pilgrim State Property, 998 Crooked Hill Road, Brentwood NY 11717. The parcel(s) of land I am interested in, is the 452 acres Town of Islip District no. 0500 Section no. 071 Block 1 Lots 10.8 and 80.1 My understanding is in the 1980's the land (speaking of the 452 acres mentioned above not all the land) was part of the OMH and then transferred to DANSY. Or it may have been transferred to the OGS and then to DANSY. But at some point your department helped the bid of this land. The first bid of this land was in 1998 (and the original acreage was for 600 acres) and then it went up for bid again in 2000 (for the 452 acres) and I would like the records of that process. Where was the land during those bidding processes? In which department? I appreciate your time and await an update. Sincerely, Christine Schultz</p>	Closed 8/17/2018

This is a follow up to a previous request:

Hi,

Thanks so much for your help with this request, I appreciate the response

However, these items are still of significant public interest The Mastroianni family is of significant public interest, among other things:

- 1) The family controls large blocks of real estate throughout the United States;
- 2) The family is involved in the controversial EB-5 program which has been subject to debates at state and federal government levels;
- 3) The family has been subject to numerous lawsuits that effect law-income tenants, EB-5 investors, and others (<https://therealdeal.com/2019/02/28/mastroianni-usif-hit-with-racketeering-suit-over-cb-5-investments-at-times-square-project-in-legal-back-and-forth/>, <https://www.law.com/dailybusinessreview/2018/10/15/chinese-cb-5-investors-claim-99m-fraud-at-nicholas-mastroianni-iis-harbourside-place/>, and many more)
- 4) The family has been tied to fraud allegations connected to the Trump family (<https://www.floridabulldog.org/2018/10/fraud-allegations-against-developer-political-donor-with-ties-to-trump-kushner/>)
- 5) The family has facilitated the marketing of projects for Jared Kushner and the extended Trump family (<https://www.revealnews.org/article/days-after-election-kushner-biz-partner-marketed-trump-win-in-china/>)
- 6) The family has been linked to possible conflict of interest schemes (<https://foreignpolicyblogs.com/2017/06/06/trump-kushner-china-conflict-of-interest/>)
- 7) The family has/had strong connections with Rudy Giuliani and others involved in the elite real estate and presidential circles (<https://www.wsj.com/articles/trump-lawyer-helped-recruit-corporate-client-with-ties-to-kushner-probe-1525902417>)
- 8) The family has been mentioned in letters to the Senate Judiciary committed regarding its involvement in raising funds from foreign investors (<https://judiciary.house.gov/sites/democrats/judiciary.house.gov/files/documents/Letter%20to%20Kushner%20Companies%206.1.17.0.pdf>)
- 9) The family has connections with Michael Cohen (<https://downwithtyranny.blogspot.com/2018/05/swamp-times-billion-michael-cohen.html>)
- 10) The family has been pictured with a number of high profile individuals with political influence that is of significant public interest (https://www.reddit.com/r/The_Mueller/comments/8kyuxm/why_did_giuliani_meet_with_the_eb5_execs_that_got/)

Given such significant public interest, it is requested that you reconsider your denial or released the emails with partial redactions, such as redacting the headers and releasing the content or redacting the content and releasing the headers Even the dates of these emails could be of significant public interest and therefore, at the very minimum you should release the dates of the emails

Please confirm receipt and state whether your will make a reconsideration of this request If you can not make additional releases additional legal action may be taken as these records are of significant importance - therefore, please provide your address for service or legal contact It is requested that this matter be handled expeditiously, as the country gears up for federal and state elections it is necessary that the public know about these records Even if the contents of the records are not directly of 'interest' the release of the records are of public interest because it may provide clarification as to what type of dealings the Mastroianni family is involved in and may quell fears of unethical behavior or provide the public with information about about unethical behavior that could be used for them to make voting decisions

Taylor-Scott Amarel

Subject: RE: New York Freedom of Information Law Request: Howard Zemsky Last 200 Pages of Emails With "Mastroianni"

I wish to appeal this determination and request clarification on the number of records being withheld (pages) as well as a breakdown on the number of pages being withheld pursuant to each of the exceptions cited, (i) statistical or factual tabulations or data; (ii) instructions to staff that affect the public; (iii) final agency policy or determination; (iv) external audits, including but not limited to audits performed by the comptroller and the federal government "

Finally, all communications with the key-string Mastroianni are of significant interest Members of the Mastroianni family have significant impact on the public via their development projects, lobbying efforts, connections to the EB-5 program, as well as connections to the Kushner and Trump families A simple google search of "Mastroianni and Kushner", "Mastroianni and EB-5" and/or "Mastroianni and Trump" reveals that national impact of these activities and highlights that fact that all government communications mentioning Mastroianni are of significant public interest and impact
